

# Emerald Tabs

## Cleaning Biodegradable Tabs for Condensate Drain

### Description

Emerald Tabs is a product specially formulated for cleaning the condensate drain of all air conditioning and refrigeration systems. It contains specific surfactants that control bacterial growth and prevent the formation of algae, mucilage and silt that otherwise would clog the condensate drain of AC/R systems.

The water collected in the condensate drain is loaded with all the pollutants present indoors: dust and microorganisms build up, causing the condensate drain to clog or overflow. Emerald Tabs are the solution to this type of problem and, thanks to their small size, are suitable for all types of systems.

Their specific formulation guarantees a gradual release of surfactants, extending the cleaning power over time. Emerald Tabs contain no pollutants and are biodegradable.

### Field of application

- HVAC/R

### Features

- Specially designed for cleaning condensate trays and drains.
- Long-lasting cleaning power.
- Compatible with all materials in air conditioning systems, including light alloys.
- Easy to dose.
- Also available in MINI format.
- Registered disinfectant in Germany (N-108924) - MINI (N-108925).

### Instructions

To ensure a long-lasting effect, add one or more tabs in the condensate drain every 25/30 days during system operation.

### Physical and Chemical Properties

Property	Value
Aspect	Solid (tab)
Colour	Green
Odour	Characteristic
Relative density	1,05 ± 0,005 g/ml (at T = 20°C)
pH	7 ± 1
Flash point	240°C

### Categorisation and Labelling

This technical specification is only applicable when it comes with the current Safety Data Sheet. In accordance with legal requirements, only the Safety Data Sheet contains current safety information. The MSDS is available on request.

### Safety Instructions

Avoid contact with skin and eyes.  
Advice on general occupational hygiene:  
Do not eat or drink while working.

### Storage Instructions

Do not store above 35°C.  
Store in a cool and well ventilated place.  
Store away from direct sunlight.  
Keep away from food, drink and feed.

### Transport Conditions

This product is not regulated for transport according to ADR/RID, IMDG, ICAO/IATA.

### Shelf life

3 years from the date of production.

## Packaging

---

Art.-Nr.	Description			
AB1099.01.JA	18x8 g tabs	12	-	-
AB1098.01	100x2.5 g tabs	06	-	-

## Hazard statements

---

None.

**Professional use only.**
