CPS CARSMART

QUICKLY AND EFFICIENTLY RECOVER, RECYCLE & RECHARGE

The CPS CarSmart Series is designed for ease of use with the technician in mind. A compact size machine makes it easy to manoeuvre through the workshop, supplied with 3m charging hoses allowing the technician to continue working on the vehicle without hindrance.

Simple easy to use menu, without the need to manually operate valves makes for uncomplicated operation. The cylinder heater blanket allows quick charging even in the cooler months and the ability to add extra refrigerant if required, without the need to run the engine. Easy to read analogue gauges with highlighted operation zones, and system performance test function, are some of the Carsmart features.

CPS Carsmart charging station comes with Full Australian Warranty Backup plus technical support.
